

After the Service

- ☐ Remove all vessels and communion linens from the Altar and credence.
- ☐ Place the tabernacle key in the drawer with the service register.
- ☐ Soak the corporal and purificator in cold water for a minimum of 10 minutes.
- ☐ Cover the fair linen and credence cloths with their dust covers.
- ☐ Remove flower vases from the Altar shelf and place them in the sacristy.
- ☐ Pour any unconsecrated wine from the glass cruets into the wine bottle.
- ☐ Rinse the chalice, paten, and lavabo bowl with blessed water from the glass cruets, being careful to pour blessed water into the piscina.
- ☐ Rinse the chalice, paten, glass cruets, and lavabo bowl with plain water. Clean and dry as necessary, paying particular attention to any lipstick on the rim of the chalice.
- ☐ Pour the water in which the corporal and purificator have been soaking into the piscina. Spot-treat any stains with dish soap or laundry soap and return to soak in hot water.
- ☐ Get a fresh set of communion linens from the drawer and vest the chalice for the next service, making sure to place a large host on the paten. Leave the vested chalice on the counter in the sacristy.
- ☐ Say a prayer before you leave the church and go have a cup of coffee!
